Our ongoing project in Costa Rica is an economic development project, a $43,000 Global Grant from The Rotary Foundation to renovate an irrigation system that serves 78 small farms in the Santa Barbara area of central Costa Rica. The early history of the endeavor was marked with conflicts and bureaucratic delays, but a visit to the site in the second week of April found the project to be doing quite well, with all problems having been solved. The basic infrastructure—the water intake at a mountain river, the pipeline down the mountain to the filter house, and the sand filters that make the water clean enough for the much more efficient drip irrigation systems in the fields—is almost complete now. What is presently being worked on is running the pipes from the filter house out to the many fields where the water will be put to use growing vegetables. We found our Rotary partners in the job, the Heredia Rotary Club of Costa Rica, to be thoroughly competent and fully engaged; we found the people doing the construction work to be doing an excellent job; and we found the farmers to be increasingly happy.

Rise Against Hunger
April 13th

On April 13 over 85 people came together to package more than 15,000 meals for Rise Against Hunger. The Virginia Peninsula Rotary Club and The Rotary Club of Warwick at City Center sponsored the event held at the Victory Family YMCA. We were joined by individuals from the Peninsula Catholic Interact Club, Peninsula 757 Rotaract, the James City County Rotary Club, the Suffolk Rotary Club, plus friends and family members. We finished in under 2 hours. It was a great way to spend a rainy Saturday afternoon. Thanks to our club member Mike Nelson, with Rise Against Hunger, for arranging the event. Also thank you to Ned Spencer and Karanita Fuller, our community service chairs for organizing. We even got to taste a sample of the meals we were packaging.
